

# Soothing Shower Surroundings

Bring the vacation vibe home with an outdoor shower, pool or beach not required! Creating a private outdoor shower oasis turns a normal every day task into an exhilarating experience the whole family can enjoy, from kids to pets to houseguests.

By Peter McDonald Architect and Lisa Tharp Design. The designer used pool plaster for the inside of the “inside” shower instead of tile and commissioned Jeff Soderburg, the furniture designer, to install the wood decking, inside and out - which was milled from recycled Ice wood from the Coney Island boardwalk. A Nanawall door was used between the two showers.
